

The screenshot shows the Visual Studio Code (VS Code) interface with a terminal window open. The terminal displays the output of a Java program. The command executed is `cd "c:\Users\EPAM\Desktop\VSCode.java\" && javac ProjectTester.java && java ProjectTester`. The output shows several lines of text, including service names and locations, separated by dashed lines. The terminal also shows the command completion message: `[Done] exited with code=0 in 0.967 seconds`.

```
